## Invitation to Exhibit - Thursday, March 6, 2025

The American Contact Dermatitis Society (ACDS) was founded in 1989 and has grown from a small dedicated group of dermatologists focused on contact dermatitis to over 2,500 health care professionals in the field of allergic contact dermatitis and related inflammatory skin diseases. ACDS is known for its Contact Allergen Management Program (CAMP) which provides patients with a safe list of personal and household products that assists patients in managing their allergic contact dermatitis.

The ACDS is pleased to present an exhibit program in conjunction with its 36<sup>th</sup> Annual Meeting. The exhibit program will provide the meeting attendees with first-hand information about products and services specific to the area of contact dermatitis and serve as a forum for updating the physician's knowledge of current technological advances in the field.

The ACDS 36<sup>th</sup> Annual Meeting offers you the opportunity to bring your products to the attention of about 250 physicians and specialists from all over the world in the field of contact and atopic dermatitis and occupational dermatology.
